Your Choice Matters!

Your HCRS provider will ask for your permission to use this technology. You have the right to opt out at any time. Your comfort and trust are our top priorities!

FASTER DOCUMENTATION • IMPROVED ACCURACY • PERSONALIZED CARE

Clinical documentation technology is now available to make your sessions more efficient and effective. By streamlining the documentation process, we can focus more on you and your needs during our time together. This technology is cer-

tified by the National Council for Mental Wellbeing as a Gold Partner in artificial intelligence documentation and complies with all confidentiality requirements.

Questions or Concerns?

If you have any questions about how it works, please don't hesitate to ask your HCRS provider.
